## Unforgettable Summer Adventures Await!

Join us for an action-packed Summer School designed for children aged 3 to 12—where learning, creativity, and fun come together! This is the perfect place for kids to explore, discover, and make new friends while enjoying an exciting mix of hands-on activities.

From science experiments and creative arts to outdoor sports and interactive games, every day is filled with new adventures that boost cognitive, physical, and social skills. Our experienced, certified teachers ensure a safe, nurturing environment where kids can grow, express themselves, and thrive.

Children will enjoy field trips, outdoor play, and arts & crafts, making each day a unique experience. And to wrap up each week, they will take center stage in our special end-of-week showcase, featuring their artwork, music, and performances!

By the end of summer, your child will leave with newfound confidence, lasting memories, and a love for learning that will stay with them long after the season ends. Let's make this summer one to remember!

# Themed Weeks

## Exciting New Adventures Every Week!

At Shackleton Summer School, every week is a brand-new journey filled with discovery and hands-on excitement!

Our themed weeks bring fresh experiences, ensuring that no two weeks are alike. One week, children might be immersed in global cultures, and the next, they will be experimenting like young scientists or exploring the wonders of the natural world. With a dynamic mix of activities, creativity, and exploration, each week offers something new to spark curiosity and inspire young minds!

# Themed Weeks

# Week 1

3-5 years old

### Jurassic Journey

Prehistoric journey to explore the fascinating world of dinosaurs through interactive activities and discoveries.

6-9 years old

### Detective Adventures

Become a detective by solving fun mysteries and improving your problem-solving skills through exciting activities.

10-12 years old

### World of Wonders

A global adventure, exploring diverse cultures through cooking, dance, music, and art, fostering a deep appreciation for our world's rich traditions.

# Themed Weeks

## Week 2

3-5 years old

### Little Gardeners

Introduce young explorers to nature through hands-on gardening activities, fostering a love for plants and the environment.

6-9 years old

### Enchanted Kingdoms and Magical Tales

A week of imaginative adventures, bringing fairy tales to life through art, movement, and storytelling.

10-12 years old

### Future Entrepreneurs

Spark children's interest in business by guiding them to develop their own ideas and learn basic entrepreneurship skills in a fun, supportive environment.

# Themed Weeks

## Week 3

3-5 years old

### Tiny Travelers

Introduce young explorers to the world by learning about different countries, cultures, and traditions through engaging activities.

6-9 years old

### Adventures in Ancient Civilizations

Travel back in time to explore the wonders of ancient cultures, experiencing their history, art, and traditions through interactive activities.

10-12 years old

### A Taste of Creativity

Stimulate children's creativity through engaging cooking and craft activities, enabling them to express themselves artistically.

# Themed Weeks: Week 4

3-5 years old

## Mini Explorers' Science Safari

An exciting journey where young scientists will explore nature, conduct simple experiments, and uncover the wonders of the natural world.

6-9 years old

## The Great Invention Challenge

Develop creativity by encouraging students to design and build their own inventions, fostering problem-solving skills and innovative thinking.

10-12 years old

## Unlock the Wonders of the World

Action-packed week of discovery and experimentation, where young children will dive into the exciting world of science through hands-on experiments and activities.

# Themed Weeks: Week 5

3-5 years old

### Move, Groove and Create

Musical adventure where children will create homemade instruments, dance to diverse rhythms, and express themselves through song and movement.

6-9 years old

### Time Travelers

An exciting journey through history and the future, where children will explore different eras, reenact historical events, and design imaginative visions of tomorrow.

10-12 years old

### Young Reporters

Introduce youngsters to the world of media by engaging them in writing news articles, conducting interviews, creating broadcasts, and understanding media ethics.

### Diverse Workshops for Every Interest

At Shackleton Summer School, we believe in offering a wide range of exciting workshops to help students explore their passions and develop new skills! From hands-on arts and crafts to dynamic dance classes, there is something for everyone. Whether your child is interested in creating delicious dishes in the cooking workshop, getting active in sports, or expressing their creativity through face painting, the options are endless. Young performers will shine in drama workshops (for ages 6-12), while aspiring game developers can dive into game design (for ages 7-12). By providing a variety of engaging and fun-filled activities, we ensure that every student has the chance to explore their interests, try something new, and stay motivated in a dynamic, supportive environment.

## Real-World Learning Adventures

At Shackleton Summer School, our field trips are more than just fun outings—they are immersive learning experiences! These exciting excursions offer students the chance to explore the world, deepening their understanding of what they have learned while sparking new curiosities. Whether it is visiting local landmarks, museums, nature reserves, or cultural sites, our field trips provide valuable opportunities for hands-on learning and real-world exploration. Get ready for adventures that inspire, educate, and broaden perspectives!

### Splash into Fun and Fitness

Get ready to make a splash with our Water Games at Shackleton Summer School! These fun-filled activities will keep kids cool and active all summer long. Our staff will encourage children to engage in physical movement and exercise while enjoying the water, making fitness exciting and refreshing. Through a variety of water-based games, students will have the chance to improve their coordination, balance, and motor skills while bonding with friends and learning the value of teamwork. With plenty of opportunities to interact, communicate, and collaborate, water games at Shackleton Summer School are the perfect way for kids to enjoy summer, stay active, and have a blast!

# Daily Mindfulness

## Cultivating Calm, Focus, and Resilience

At Shackleton Summer School, we integrate daily mindfulness to help children develop emotional intelligence, self-awareness, and resilience from a young age.

This calming practice offers numerous benefits, supporting overall well-being and fostering holistic development. Through simple mindfulness exercises, children learn essential skills to manage emotions, stay focused, and handle challenging situations with greater ease. Mindfulness encourages improved attention and concentration, helping kids engage more deeply in learning activities. It also empowers them to understand their thoughts and feelings, promoting emotional growth and stronger relationships. By incorporating mindfulness into their daily routine, children will build a foundation for lifelong habits of self-care, stress management, and a positive outlook on life.

### **Lunch Provision – Nutritious, Delicious, and Made with Care**

Homemade meals crafted from fresh, locally-sourced ingredients, offering a variety of nutritious options that cater to all dietary needs.

### **Early Birds – A Head Start to the Day**

For families with busy schedules, our Early Birds program offers the perfect solution! Starting at 8 am, children can be dropped off before the regular summer school day begins.

### **Bus Service – Convenient, Safe, and Efficient Transportation**

Our bus service is designed with the needs of our families in mind. Routes are carefully planned based on location, pick up/drop-off points, and timing preferences to maximize accessibility and minimize travel time.

# How to Enrol in Our Summer School

1

**Payment:** Make a one-time bank transfer to:  
Caixa Bank – Oficina 3418 – Business Fuente del Jarro  
IBAN ES50 2100 3418 17 2200042472.  
Please include "Summer School + [your child's name]" in the payment reference. **Please send the proof of payment to [summer@shackletonschool.com](mailto:summer@shackletonschool.com).**

2

**Registration Form:** Once we receive the proof of payment, we will send you a mandatory registration form. Please complete and submit it **as soon as possible**, as this is the only way we can officially confirm your child's enrolment. This is essential to ensure we have all necessary details, including allergy information and authorisation preferences.
